This was done by a committee of three members, who reported to the committee on the 15th of the month. The second division was the study of the present condition of the college, and the third was the study of the future of the college. The committee on the history of the college reported that the college had been founded in 1862, and that it had since that time been a part of the State University. The committee on the present condition of the college reported that the college was in a state of financial distress, and that it was in need of a new building. The committee on the future of the college reported that the college should be made a part of the State University, and that it should be given the same treatment as the other colleges of the State.

The committee on the future of the college also reported that the college should be given the same treatment as the other colleges of the State. The committee on the present condition of the college also reported that the college was in a state of financial distress, and that it was in need of a new building.
