MISSING PERSONS CASES IN NEW SOUTH WALES  
BETWEEN 1965 AND 2010**

---

I would like this submission for my sister Cheryl Belinda Bakewell who passed away at Erina in her unit. She died on 19 December 2007.

I identified her body.

I am not happy with how here investigation was handled.

She was a drug addict. Note that I wrote was. They didn't investigated her death in a proper way. They were complete idiots and no consideration was given to myself or my mother.

Cheryl blood test came back completely clean of any illegal drugs in her blood.  
She had methadone and normal levels of her medication.

This not about Tasmania please get out of my system

I spoke to a Detective at Gosford Police station when I was about to submit a statement about a assault that I witnessed near Gosford Library. That Detective approached me and said. Your Cheryle sister I said yes I than said yes I know she is a drugo and a prostitute. He said that Cheryle always gave great information and she was right on the money.

If this Detective respected my sister that much Why wasn't she respected by others.

I knew Cheryle got money for providing this information because she would go to the Commonwealth Bank at Ultimo near Central Station to get the money.

A Commander came to my home in UNIFORM on a Saturday and said she wasnt paid money.

Which is a god damn lie. Cheryle son told me later the next year the neighbors were telling anybody that they killed.
