In the summer of 1979-80 my ex-wife and I hitchhiked from Casino to Evan's head one Saturday morning from Casino railway station . We were picked up by a man in a white sedan and he told us he was a photographer going to Evan's Head .

Along the way he asked me to reach under the seat (I was in the front) and pull out the item . It was a revolver .It unnerved me and I returned to its hiding spot .

On reflection the man looked a lot like a clean shaven well-dressed Ivan Millant

We were going to the state surfboat championship and were expected by my crew.

Not sure if this means anything but there it is.
