

**INQUIRY INTO DINGOES IN NATIONAL PARKS IN NEW
SOUTH WALES**

Name: Name suppressed

Date Received: 15 July 2026

Partially
Confidential

The Terms of Reference are vague and appear to be not in full.

Submissions cannot be provided justly and fairly by the general public without knowing the contents of the "Management Framework", "Management Operations", "Impact Policies", or the exact nature of proposed operations.

a. Genetic status of the dingo is based on speculations, hypotheses, and theories, and not on any reliable. If genetic status, DNA, and similar, are going to be used - this will set an irrational precedent.

b. What Management Framework?

c. Dingoes, nationwide, add positive critical value to ecology - high quality verifiable evidence available.

d. First Nations people, from around all of Australia, with no direct and no indirect conflicts of interest should create a consultation panel, and offer contributions in favour of the dingoes' welfare and well-being and long term future (thousands of years).

e. What "Impact Policies"?

f. "Management opportunities with Indigenous knowledge" means what? Again conflicts of interests would be relevant.

g. Baiting, poisons, toxins, (aside from being a cruel and brutal death), spread throughout the waters, soils, lands, vegetation (high and low), and all organisms and animals, causing the cellular spread of mutations that affect and effect current and future generations of ALL species.

Governments, Regulatory Bodies and Agencies from all jurisdictions need to work on National issues, concerns, as a Nation. How so that the first horse out of the gate is called "Money"!

NSW Ministers, Regulators, Agencies, Bodies, Interest Groups, have mismanaged National Parks, finances, and other resources, since the Parks were made open and available to the public.

Poor, inferior signage, lack of visible presence, lack of oversights, consistently prioritise visitors, tourists, for related financial gains.

National Parks & Wildlife, Fisheries, DCCEEW, Forestry, private enterprise, agreements, conflicts of interest, see money.

Long term means what?
